

Installation Guide for Desktop

Thanks for choosing Loop8! You're just a few quick steps away from safer, smarter protection across your devices. Follow the guide below to get set up.
It only takes a few minutes.

Let's Get You Set Up

Step 1: Download Loop8

- 1.1. Visit loop8.ai or l8p8.com.
- 1.2. Click Download in the top-right corner.
- 1.3. Once the file downloads, unzip it and open the installer.

This installer includes both Loop8 and MySafe.

Step 2: Install Loop8 on Your Mobile Device

- 2.1. On the installer screen, you'll see a QR code.
- 2.2. Scan the code with your phone to download and install the Loop8 mobile app.
- 2.3. Open the app and create your account.

Already have the app?

Simply open it on your phone, then return to your computer to keep going.

Step 3: Pair Your Mobile App with Desktop

- 3.1. Return to your desktop installer and click Continue.
- 3.2. On the next screen, scan the second QR code with your phone.
- 3.3. Your mobile and desktop apps will now securely link to each other.

Step 4: Add the Loop8 Browser Extension

- 4.1. Continue to Step 3 in the installer.
- 4.2. Choose your preferred browser.
- 4.3. You'll be redirected to your browser's extension store. Click Add Extension

Step 5: Start Using Loop8

- 5.1. Once installation is complete, Loop8 will be ready on both mobile and desktop.
- 5.2. Import your existing passwords or save new ones as you browse.
- 5.3. Manage logins anytime – from your computer or the mobile app.

That's it, you're now ready to use Loop8 directly on your desktop!

You're now protected with seamless, private password management across your devices. If you have any questions or need a hand, we're here to help.

Enjoy your safer, simpler digital life with Loop8!
