

## Adding a Tech Person

Loop8 makes privacy simple and personal. My Tech Person is an exclusive Loop8 feature that lets you pick your own trusted friend or family member to help you set up and troubleshoot any issues you may run into, without ever seeing your private data. Let's get you started!

---

### How to Add a Tech Person During Setup

After downloading and opening the Loop8 mobile app:

- On the welcome screen, tap Need Help to Continue – My Tech Person.
- Review how a tech person works:
  - ◆ Must be someone you trust (family member, nearby friend).
  - ◆ They'll receive a setup guide, but will not gain access to your app or data.
- Tap Invite a Tech Person.
- Select a contact from your phone. Loop8 will send them a message that includes:
  - ◆ A personal invite to be your tech person
  - ◆ A link to download Loop8
- Once invited, you can call or message your tech person directly from the app.
- You can remove or change your tech person anytime.

### How to Add a Tech Person from the Home Screen

- Open the Loop8 app and tap the My Tech Person icon on the home screen.
- Allow access to your phone's contacts, and choose a contact. Loop8 will send them a message that includes:
  - ◆ A personal invite to be your tech person
  - ◆ A link to download Loop8
- Once they've accepted your invite, you can call or message them from the app and change or remove them anytime.

## Enjoy personal support with total privacy!

Once you select a Tech Person, they'll be ready to help with setup, troubleshooting, and keeping your Loop8 experience smooth and secure.

If you have any questions or need a hand, our team is always here to help.

## Enjoy your safer, simpler digital life with Loop8!
